

## **PARKING REGULATIONS**

### **SENIORS**

Parking is a senior privilege only. All seniors who wish to drive a car on our grounds and use our parking lots must secure a parking permit from the main office. In order to receive a permit the student will have to show his/her senior driving license, registration form for the car and a signed parent permission slip. Seniors who do not have a permit will be considered violators and will be subject to disciplinary action.

Parking spaces are awarded by a lottery system developed by student and faculty at Shared Decision Making.

### **JUNIORS**

No junior will be permitted to drive a car on our grounds (even if he/she received a permit previously). The license plates of juniors violating this rule will be submitted by our security force to the Lake Success Police Department, and summonses will be issued. Juniors violating this rule will also be subject to disciplinary action in school.

### **PARKING VIOLATIONS**

All cars, driven by staff, students or visitors, will receive summonses from the Lake Success Police if they are parked illegally.

- There is no parking on the school side of the mall at any time (by order of the fire marshal).
- There is no parking on the expressway side of the mall during school hours (by order of the fire marshal).
- There is no parking in driveways or walkways. (A white line must appear on both sides of the parking spaces.)
- There is no parking on the grass.
- There is no unauthorized parking in spaces for the handicapped or alongside curb painted yellow.

We must enforce these regulations in order to ensure a safe environment, and to provide ample parking for those with a legitimate need. Neighboring lots are not available for student parking. Students park there at their own risk.

### **FACTS**

These are some facts that deserve repeating:

When you are age 18, the DMV will issue you a senior license (Class D). If you have a valid junior license (Class DJ) you will automatically receive your senior license in the mail. If you pass your road test when you are age 18 you will automatically receive a senior license. If you are age 17, you are eligible for a senior driver license if you have a junior driver license or limited junior driver license and have completed a state-approved high school or college driver education course. To change your junior license to a senior license, bring your junior license and the driver education certificate that you received from your instructor to any motor vehicle office. You must give the DMV office your certificate and junior license to receive a senior license. If you do not change your junior license to a senior license, you still must obey the restrictions for junior drivers until you are age 18, even if you carry the completion certificate with you. With a senior license you are allowed to drive without any restrictions.

The Board of Education has expanded its after school buses so that there is a bus leaving almost every half hour from 3:30 p.m. until 6 p.m. The Board of Education program in our schools guarantee that it will be available to all.

**I have read and understand the above Rules & Regulations.**
